C284case

Application requirements

The following application requirements apply to an application under Clause 43.01, in addition to those specified elsewhere in the planning scheme and must accompany an application, as appropriate, to the satisfaction of the responsible authority:

- Where it is proposed to demolish or remove significant fabric or subdivide a heritage place, a heritage impact assessment prepared by a suitably qualified heritage consultant.
- An application to subdivide a heritage place isto be accompanied by an application for buildings or works. Where this is not possible, building envelopes for any lots created from the proposed subdivision must accompany the subdivision application.
- Where it is proposed to demolish or remove significant fabric of a heritage place, a report prepared by a structural engineerwith specialist knowledgeof heritage buildings that justifies the proposed demolition and also includes a schedule of works and a cost breakdown of the works required to enable the building to be re-used.
- Where the relevant statement of significance does not clearly identify the contributory elements, a report prepared by a suitably qualified heritage consultant that identifies the contributory elements of a heritage place and justifies how the proposal respects the significance of the place.
- Where it is proposed to remove, destroy or lop a tree located in a heritage place which this schedule specifies as one where tree controls apply, an arboricultural report prepared by a suitably qualified arborist with specialist knowledge of heritage trees or heritage landscapes.
- For all applications in growth areas and for all subdivision applications for all other heritage places, a conservation management plan prepared by a suitably qualified heritage consultant.
