Application requirements

The following application requirements apply to an application under Clause 43.01, in addition to those specified elsewhere in the planning scheme and must accompany an application, as appropriate, to the satisfaction of the responsible authority:

- A report explaining the proposal and how it addresses any heritage policy in this scheme.
- A heritage Conservation Management Plan prepared by a suitably qualified consultant in accordance with the *Australian ICOMOS Charter for Places of Cultural Significance 2013* (Burra Charter) for any proposal that raises significant heritage issues or impacts on a heritage place.
- A Heritage Impact Statement prepared by a suitably qualified heritage consultant, that assesses the impact of the proposal on the heritage place outlining:
  - The cultural heritage significance of the place and a description of the contributory elements of the heritage place and how these have been considered in the preparation of the application.
  - Existing conditions and the current use of the place.
  - The works proposed and what physical and/or visual impacts will result from the proposed works.
  - Reasons outlining why any detrimental impacts on the significance cannot be avoided.
  - Alternative proposals and measures being employed to avoid, limit or manage any unavoidable detrimental impacts.
- For applications where demolition of a significant or contributory place (or element thereof) is sought an archival record that includes measured drawings and maps in addition to a photographic record of the heritage place.
- For applications where demolition is sought on the basis of a building condition, a report prepared by a suitably qualified consultant that assesses the structural condition of the building, and whether or not any defects can be repaired or mitigated.
- A report prepared by a suitably qualified arborist or heritage vegetation/garden consultant that assesses the impact of an application upon any trees or plantings that contribute to the significance or setting of a heritage place.
- For applications where dry stone walls may be affected:
  - A feature survey of the dry stone walls within the proposed development.
  - A dry stone wall management plan which includes the following:
    - Photographs (or suitable records) of the dry stone walls.
    - Recommendations for repair and/or reconstruction.
    - Conservation works that will retain the cultural significance of the dry stone walls.
    - A plan showing the proposed location of any landscaping, footpaths, and structures that may impact on the dry stone walls.
