Decision guidelines

The following decision guidelines apply to an application for a permit under Clause 32.08, in addition to those specified in Clause 32.08 and elsewhere in the scheme which must be considered, as appropriate, by the responsible authority:

- Whether a loss of amenity would result in varying the requirements of part 3.0 of this schedule.
- The amenity impact on surrounding land uses.
- Whether opportunities exist to avoid a building being visually obtrusive through the use of alternative building designs, particularly for developments with overall building heights in excess of 9 metres.
- Whether subdivision will result in development which is not in keeping with the character and appearance of adjacent buildings, the streetscape or the area.
- The layout and appearance of areas set aside for car parking, access and egress, loading and unloading and the location of any proposed off street car parking.

7.0 Transitional provisions

Schedule 2 to Clause 32.08 to the General Residential Zone does not apply to an application to construct a dwelling or residential building made before the approval date of the planning scheme amendment that introduced this schedule into the planning scheme. The requirements of Clause 54 as they apply to Clause 54.03-2 or of Clause 55 as they apply to Clause 55.03-2 as in force immediately before the said approved date continue to apply.

Despite the provisions of Schedule 2 to Clause 32.08, these do not apply to an application under section 69 of the Act to extend a permit to construct or extend a development.
